

ACCESS STANDARDS FOR ONECARE (HMO SNP) AND ONECARE CONNECT CAL MEDICCONNECT PLAN (MEDICARE-MEDICAID PLAN)

OneCare and OneCare Connect are required to adhere to patient care access and availability standards as required by the Department of Managed Health Care (DMHC) and the Centers for Medicare & Medicaid Services (CMS). DMHC and CMS implemented these standards to ensure that OneCare and OneCare Connect members can get an appointment for care on a timely basis, can reach the provider over the phone and can access interpreter services, as needed.

Contracted physicians and health networks are expected to comply with these appointment, telephone access, practitioner availability and linguistic service standards. OneCare and OneCare Connect monitor their health networks and providers for compliance with these standards. OneCare and OneCare Connect may develop a corrective action plan for providers and health networks that do not meet these standards. Please refer to CalOptima Policy MA.7007: Access and Availability Standards for more information related to CalOptima’s process for monitoring access and availability standards.
